

SYSTEM BOUNDARIES

Framing the system

What is the area under investigation?

1 AFFECTED BY

List the stakeholder groups affected by the issue.

2 CAUSING THE ISSUE

List the systems that are causing the issue.

3 PART OF THE SOLUTION

List the systems that are (partially) responsible for the solution.

4 GIVING INPUT TO 2 & 3

Investigate at least one level up. Which systems are giving input to the first level system?

5 OUTPUT OF 2 & 3

Investigate at least one level down. To which systems is the output going?

6 CURRENTLY NOT PART OF

Stretch the boundaries. Which systems, not involved yet, could help to reach the purpose in the future (e.g. the care system).
